

Certificate Label RSE Chimie

France Chimie hereby certifies that

Techniques Chimiques Nouvelles

located at **20 rue des Carriers Italiens, 91350 Grigny, FRANCE**
was **assessed on site** by **AFNOR Certification**
in accordance with the **Label RSE Chimie** standards
and was awarded the

Level Excellence

Developed by **France Chimie** in partnership with **AFNOR Certification**, this label is based on **ISO 26 000** and on **Responsible Care®** (the global chemical industry's voluntary commitment to environment, health and safety), which it further strengthens in the social and societal areas. With its 8 key criteria, it provides a robust, relevant framework tailored to the sector to structure, promote and have companies' CSR initiatives in the chemical industry recognized.

This certificate is valid for 3 years.
